Notice No. 11

Orphan Well Association
Operations in City of Calgary

October 10, 2017

Lexin Orphan Operations 00/10-13-022-29W4/0

Friday October 06 - Saturday, October 07, 2017 – The cement squeeze to abandon the sour zone was completed and cement was placed above the cement retainer. An application was submitted to the AER to reclassify the well from critical sour and when approved, H2S safety equipment was released.

Sunday, October 08 – Monday October 9, 2017 – Operations were shut down over Thanksgiving weekend.

Tuesday, October 10, 2017 – A cement bond log (GR-RBL-CCL-VDL) was conducted on the well to confirm the quality and cement top behind the casing.

PLANS - Continue logging tomorrow to determine surface casing vent flow source.
