

**Orphan Well  
Association**

## Notice No. 16

Orphan Well Association  
Operations in City of Calgary

October 26, 2017

### **Lexin Orphan Operations 00/10-13-022-29W4/0**

*Tuesday, October 24, 2017* – Remedial cementing operations continued to isolate geological formations. Cardium, Milk River, Judith River zones, three CBM Coal sections and two intervals for the base of groundwater protection have been cement squeezed. Cementing equipment moving off location.

*Wednesday, October 25, 2017* – Downhole operations have been completed and the equipment was released from location.

*Thursday, October 26, 2017* – Surface well abandonment operations have been completed. Both Lexin orphan wells (00/11-24-022-29W4 and 00/10-13-022-29W4) were cut and capped and the well heads removed. This concludes the abandonment operations on these two critical sour wells located inside the Calgary city limits.

PLANS – Purging and pigging of associated pipelines with nitrogen to prepare pipelines for abandonment.
